It is also hoped that the meeting will lead to a Farmers Organization being perfected in this vicinity in order that more educational meetings may be held and a spirit of cooperation developed among the farmers.

County Agent Winton of Hancock County will talk on a subject of value to all. County Agent Harth of Breckinridge County will talk on Soil Fertility and Live Stock using more than 100 screen pictures to illustrate. ## MRS. AMELIA ADKISSON.

Passes Away At 85 Years. The Mother Of Mrs. J. D. Seaton Of This Place.

Hardinsburg, Ky., Mar. 7. (Special) —After eight years of patient suffering, Mrs. Amelia Adkisson, one of the oldest and most respected citizens of Breckinridge county died at her home Wednesday, Feb. 26. She was 85 years, 3 months and 18 days of age.

Throughout her long suffering no one ever heard her murmur a word of complaint. She bore her infirmities patiently to the last. She was a very faithful Christian, having been a member of New Bethel Baptist church since its organization. When ever there was church she never failed to attend if she possibly could. She was married June 8th, 1858 to Richard Adkisson, Sr. She was Amelia Miller before her marriage. Her greatest joy was in attending church and entertaining the ministers of the gospel in her home. Her life was one of purity, simplicity, Contentment and holy devotion to her church, her home, her family and her many kind friends.

She is survived by seven children, four boys and three girls, Mrs. J. S. DeJarnette, Denton, Mo.; Mr. Clinton Adkisson, M. S. T. DeJarnette, Mr. Richard Adkisson, Jr., Hardinsburg, Ky.; Mrs. J. D. Seaton, Mr. Charles Adkisson, Cloverport, Ky.; Mr. William Adkisson, Hardinsburg, Ky.; five grandchildren in Kentucky, and nine in Missouri, and fourteen great-grandchildren in Missouri.

Funeral services were conducted at the home by Rev. J. Duggins, her former pastor. The remains were laid to rest in the Miller cemetery.

## CLOVERPORT TO HAVE A LOOSE LEAF TOBACCO WAREHOUSE

Arrangements Completed Last Week Paul Lewis Is One Of The Interested Parties.

Mr. Walter Atherton of Livermore, Ky., was at Cloverport Friday completing arrangements for the erection of a loose leaf tobacco warehouse. The interested parties are Paul Lewis of Owensboro, Ky., and Walter Atherton of Livermore, Ky.

The large lot just below the Cloverport Ice Plant has been secured on which the building with a capacity of over 200,000 pounds floor space will be built.

The location of the lot permits of the installation of a switch for the direct loading of tobacco into cars for Owensboro and Louisville. The floor is to be of concrete with a wagonway the entire length of the building for unloading tobacco. Loading out doors will be on the opposite side.

This house will be equipped with the roller basket system. More tobacco can be handled with this system than with the old style baskets as the baskets can be blocked together when loading the floor and opened out during the sale. They also save fully one-third the labor when running the floor.

Mr. Boyle of Owensboro will have the direct supervision of the floor. He has been associated with the Livermore House and has three years experience in the loose leaf business. Mr. Atherton will continue to be in charge of the Livermore house.

The Livermore House was built by Boyle and Atherton three years ago and has had a successful business from the start, selling something like one third more tobacco this year than any previous season. The buyers gave their promise to support that market before the use was built and thus they have not done, thus the tobacco growers of McLean county have received Owensboro prices at home, saving the long haul and expensive trip to Owensboro.

The promoters of the loose leaf tobacco warehouse at Cloverport practically have the assurance of all the large companies of Owensboro that

they will be glad to patronize the Cloverport point. Being on a direct line to Louisville it is hoped to have a number of buyers from that city and with the local buyers Cloverport has the promise of being one of the largest markets in the Green River district outside of Owensboro.

Mr. B. H. Sanders of North Carolina, one of the best auctioneers of the state has been selected by Boyle and Atherton at Livermore for the past two years and it is the intention to secure his services for the coming season at Cloverport.

### \$5,000 SUBSCRIBED.

For Loose Leaf Warehouse In Hawesville. Will Be Ready For Fall Opening.

Hawesville, Ky., March 5.—At a meeting of the business men of Hawesville tonight \$5,000 was subscribed toward the erection of a loose leaf tobacco sales floor in Hawesville. There will be a meeting of the stockholders on March 11, and directors will be elected. Hancock county is having loose leaf sales for the first time this season. The sales are being conducted in a factory, which is not well suited for the purpose. The company to be organized will build a first class warehouse and be ready for the opening of the season next fall.

## A NOBLE WOMAN PASSES BEYOND

Mrs. Emma Claycomb of Webster. Lived a Triumphant Life To The Very Last.

Webster, Ky., Mar. 10, 1919. (Special)—Mrs. Mary Emma Claycomb, wife of Charles H. Claycomb of Webster, Ky. died March 8th, 1919.

Mrs. Claycomb was a woman who possessed the very finest traits of early years of childhood and joined character. She was converted in the the Methodist church at Webster where she has lived a beautiful and true Christian life to the very end of her earthly pilgrimage. Though handicapped most of her life by a frail body, she nevertheless, had a great soul. She bore her sufferings bravely and met the world with a smiling face. Her deep devotion to her family her loyalty to her church and her ardent love for the Master were qualities that every one saw appreciated in her life.

Not often do you find such a resolute will, strong faith and gentle spirit in so fragile tenement of clay. These were the qualities of soul which kept her going about her duties, both in the home and in the church, when others as frail as she would have given up. She was universally respected and loved. It is not surprising that she died so triumphant a death; she

## RETURNS TO CAMP

Corp. Murriel Morrison Spends Ten Days Furlough At Home Wears Three Wound Stripes.

Corp. Murriel Morrison has returned to Camp Taylor after spending a ten days furlough with his parents, Mr. and Mrs. Joe Morison. Corp. Morrison has only been in the States a few weeks having arrived with the casualties from France just a short time ago and was sent to the Base Hospital in Camp Taylor.

Corp. Morrison wears three wound stripes on his left sleeve, and he can tell you all the horrors of being shell shocked, and how it feels to be right in the thick of the fight because he has been there in reality. He was one of the first Cloverport boys to enlist in the World War, and he was given a most enthusiastic welcome home by his many friends who entertained him extensively.

Corp. Morrison expects to be released from service as soon as he is physically fit for work.

had lived a triumphant life. She was conscious almost to the last moment and spoke words of affection and counsel to her dear ones.

Just before passing away the veil that hides from us the mysterious beyond was drawn aside and she said that she saw the light on the other shore. Ah, it was that light ne'er seen on land or sea; yea it was the light of the glory of God. She is gone to dwell in that light and "there shall be no darkness there, and there God, Himself shall wipe all tears from our eyes."

The bereaved family who are left to mourn her departure are a true and devoted husband, Charles H. Claycomb, two precious children, Percival and Laura, a brother, James Kurtz, two sisters, Mrs. J. C. Crutcher and Mrs. Tom Lyddan. Besides these there is a host of friends whose hearts are sad because of her passing.

The funeral services were conducted by her pastor, Rev. R. L. Sleamaker, assisted by her former pastor, L. K. May. Her body was laid to rest in the beautiful Cedar Hill cemetery at Irvington. "She is not dead but sleepeth"

## RELEASED FROM A LONG ILLNESS

Mrs. Israel Holder Dies Of Complications. Buried Beside Her Daughter.

After many months of illness caused from complications, Mrs. Josephine Pate Holder, wife of Mr. Israel Holder passed into eternal sleep on Thursday morning at 4 o'clock. Mrs. Holder's condition had been critical for several days, and the end was momentarily expected.

On Friday afternoon at 2:30 o'clock the funeral was held from the residence in the West End, the service being held by Rev. A. N. Couch. Afterwards the remains were laid to rest in the Cloverport cemetery beside those of her only daughter, Mrs. Hazel H. Mattingly whose death occurred about five years ago.

Mrs. Holder was born and reared in Cloverport and lived to be sixty-nine years old. She would have been married thirty-nine years on the 29, day of March. She joined the Baptist church here ten years ago, and was faithful to its cause both materially and believingly. Mrs. Holder was a great lover of home, and spent practically her life in devotion to her husband and those about her; she was a good neighbor. The deceased leaves her husband and many relatives.

## CHILDREN'S WEEK

To Be Observed April 27 To May 4. Continent-Wide Campaign International S. S. Association.

April 27 to May 4, 1919 will be Children's Week. This will be a Continent-Wide Campaign to emphasize the religious education of children. The recent world war has attracted the attention of all patriotic men and women to the enormous value of childhood and the urgent need of conserving the young life of a nation if that nation is to live. But, strong, clean bodies and well trained minds alone can never make democracy safe for the world. Something else is needed and that is trained consciences and wills, consciences which know right from wrong as defined by the Christ, and wills which can force selfish mortals to obey their consciences, to deny themselves and follow the great Master in service to others.

At least thirteen million of the twenty-five millions of children under twelve years of age are receiving no religious education whatever. In May 1917, under the direction of the International Sunday School Association, a Continent Wide Cradle Roll Week was observed for the purpose of emphasizing the Christian nature of babies. This led to thousands of babies being enrolled as Cradle Roll members of the Sunday Schools of the United States, and thousands of mothers and fathers became interested in the church life. This led to the observance of Children's Week in 1918. The success of the study of childhood during that week and the bringing of parents with teachers in the Sunday Schools and public schools brought whole communities to thinking of the spiritual need of their children. In 1919 an interesting program for the week has been prepared and can be secured from the Kentucky Sunday School Association.

### RESOLUTIONS

The following resolutions were adopted by the members of the Cloverport Methodist Sunday-school in memory of one of its members, the late William Hayes Bowmer.

Be it resolved: That Mr. W. H. Bowmer, for many years a member of the Methodist Sunday-school, was always on time and interested in everything that promoted the cause of Christ.

That he has left a good example, rich in usefulness and honor, and worthy of imitation.

That we appreciate his long and useful life, and extend our love and sympathy to his beloved wife and children.

Signed:

## MOVEMENT ON FOOT TO CONSTRUCT METAL ROAD TO LOUISVILLE

The road builders school, held in Lexington last week, and attended by road engineers, county judges and members of fiscal courts from all over the state, was one of the most successful ever held in the state. Those who attended from Owensboro were County Judge C. W. Wells, County Engineer J. W. Spurrier, Assistant Engineer H. W. Taylor and Commissioners W. N. Horn and W. G. Riney and A. W. Holder of Whitesville. Hugh Crozer, divisional engineer, with headquarters at Owensboro, also attended the meeting.

County Engineer Spurrier and Mr. Crozer discussed gravel roads at the meeting, and much interest was manifested by those in attendance in this subject. Mr. Taylor read a paper road bookkeeping.

### Plan Highway To Louisville.

One of the results of the meeting was the movement inaugurated to construct a metal road from Henderson county to Louisville. Within the next two weeks representatives from Henderson, Daviess, Hancock, Breckinridge, Meade and Hardin counties will hold a meeting to discuss a route for the highway. Daviess county has a metal road from the Henderson to the Hancock county line. Mr. Spur-

rier is in favor of a route by the way of Fordville, then through Breckinridge and Meade counties to West Point where a junction could be made with the Dixie highway into Louisville.

### Prospects Are Fine.

Mr. Spurrier says that the prospects are better for good roads in the state than ever before and that the delegates were enthusiastic over the plans for the coming year. He says the government appropriations will be much more this year than before and will enable the road workers to carry out their plans for improving the roads.

At the close of the meeting resolutions were passed asking the next legislature to enact laws to provide for the establishment and financing of a state road system of through highways built and maintained entirely by the state and federal government. It is also urged that such a system be provided at once, and that it be financed by a state levy of 20 cents on each \$100 worth of taxable property and by doubling the present automobile fees. It was also asked that provision be made to assist the counties in the construction and maintenance of roads other than those included in the state road system—Owensboro Messenger.

## Who Benefits By High Prices?

You feel that retail meat prices are too high.

Your retailer says he has to pay higher prices to the packers.

Swift & Company prove that out of every dollar the retailer pays to the packers for meat, 2 cents is for packers' profit, 13 cents is for operating expenses, and 85 cents goes to the stock raiser; and that the prices of live stock and meat move up and down together.

The live-stock raiser points to rising costs of raising live stock.

Labor reminds us that higher wages must go hand in hand with the new cost of living.

No one, apparently, is responsible. No one, apparently, is benefited by higher prices and higher income.

We are all living on a high-priced scale. One trouble is, that the number of dollars has multiplied faster than the quantity of goods, so that each dollar buys less than formerly.

Swift & Company, U. S. A.

## WITH THE HOME BOYS IN SERVICE

FROM GWEN BATES

Mrs. Henry Burden of Cloverport has received the following letter from her brother, Owen Bates who is in France. He writes:

Rollantain, France, Jan. 26, 1919.  
Dear Sister: I will take great pleasure in answering your letter I received a few days ago and was glad to hear from you and to know you were all well and enjoyed Christmas. I sure would love to have been there and helped you eat that Christmas dinner. We had big eats on Christmas eve about midnight.

Tell Henry and Dee "hello," and tell Irene and uncle Len hello; and tell them I think they could write to me even if I didn't answer their letters for I enjoy reading letters from back there more than writing them. Tell James and Harold to be good and to keep their Christmas toys, and when I come home I will come to see them and we will go boat riding. I will tell them about the "little river" I came across.

Well, you must go to see mother and father as often as you can. I will close for this time. Love to all. Answer soon, Your brother, Owen Y. Bates, Co. G. 22 Eng. 3 Bn. Amer. Ex. Force, Via New York.

### OUR VALIANT HOME YARDS.

Here's to the boys who got married From the boys away over seas.

Here's to the boys who need airing From the boys who are caught in the breeze.

We read in the daily papers of many exemption pleas

Some claim they have weak stomachs. Some claim it is gold teeth they lack. But the boys over here think the trouble is

Abig yellow streak up their backs. We know of good cannon fodder

Who ought to be taking McNab instructions.

But it seems there only ambition is to push a baby cab.

Some are already in action of pushing their little carts.

And we take it from the daily papers. That others have a very good start.

It is all very well to raise soldiers. In fact some day we may need them.

But let's hope the new generation will be more manly

Than their dads in years to come. When children ask their proud papas

To tell about the battle they fought Then they will bring down their heads.

Begin to hert and haw and stammer. And try to shift the scene.

For they never even tasted of stew or army beans.

They never slept in a dug tent or Walked a post for hours in rain and mud.

They will not tell of battles they have fought

For that dear old flag of ours. When the sound of a toy cap pistol

Would wreck their nerves for hours. But the time is drawing near

When we'll be coming back. And we'll see that boys who pushed

buggies Keep their buggies on their track.

The above was written by Sanford Critchloe, 13 Vet. Hosp. A P O 747 A E F.

### MAYEE ON HIS WAY HOME.

Following is a letter from Pvt. James Pate addressed to his mother, Mrs. Winfield Pate. Pvt. Pate seems to think he is winding his way home and it will not be long before he arrives in the States. He writes:

Dear Mother: Just a few lines to let you know I am well and maybe on my way home. Anyway I left Vichy a week ago and am in a casual camp near Paris. There are only a few of us, about sixty thousand. They put us in Companies of 150 each and send us to the states is what they tell us.

I hope all are well and fine. I have a cold at present. I think it is because of a change of climate and also from the bed to the ground. I don't expect to be only a few days, maybe I'll be home in a month or six weeks.

Well, tomorrow is my birthday. Do you remember where I ate my birthday dinner last year? I certainly do and that is the last real food I have had too.

Well, there is about sixty thousand here in this camp. When we eat we line up six abreast. The line is usually about six or eight blocks long, mud about one foot deep. Ha, how is that!

How is Dixie and all the rest? Tell all hello for me. I will write again soon. With lots of love and good wishes from your son, James, U. S. Army A E F.

### IN KITTEG, GERMANY.

Pvt. H. G. Vessels who is heard from again in Kitteg, Germany, gives his experiences as a private in France and his opinion of those who won the war. His letter says:

Kitteg, Germany, Feb. 12, 1919.

Dear Parents: No doubt you think my letters have been very dry considering the fact that more than six months ago I landed on English soil. I crossed England, but all I saw there was beautiful farms and old castles and from a third class passenger car. It was a very pretty scene but only got a passing glance and it has been the same all the time. I have rode many miles in France in box cars and a fellow fails to, see much in France passing through, that is in the parts I have been in. I have hiked the distance of across France. It seems many times, that at night most of the time besides a fellow didn't hardly feel like gazing around when he was carrying a full pack and articles of war through mud sometimes many inches deep.

### Where A Fellow Needs Real Money.

I have received no pass, perhaps on my own account. I have never asked for one for the simple reason that I so far have had no Franks or Marks and to see much a fellow needs real money and plenty of it. I suppose you have heard that things are cheap and the French would almost make you take things free. If you still have that notion get it out of your head at once.

The French were glad we come over here for two reasons; the main one was we were supposed to have plenty of dough and most of them did have; the second was the French were licked, so were the English licked but they are Englishmen, the same old type want it all and will get a good slice at the carving of Bill's former possessions.

### Celebrating Lincoln's Birthday

We were celebrating Lincoln's birthday by doing nothing. It's a very beautiful day, it is not cold and a very good sun altho we have a slight skim of snow and ice. We are staying in a dead town, real dead. We are not allowed to talk to the Dutch people, they are the enemy still I suppose and will be until the peace is signed, which I think will be months. I suppose its a big job and all that kind of stuff but seems to me that they do quite a bit of sight seeing and fooling about.

### In Making Peace Terms

But it's not a bunch of doughboys making the peace terms, it's not a bunch that have been away from home months or years. None of them or very few have ever done "squad right and left" day in and day out; very few laid on the front for days and months at a time without ever having enough to eat.

### Friends Back In New York

I received a letter from Martha dated Jan. 16th, saying Less Burch, Hardie Greenwell and Stanford B. were in New York. Received one from Roland dated Dec. 29, saying Less B. and W. G. were in New York. He wrote like they were wounded, didn't say how bad or anything of the kind. I never knew what outfit Greenwell was with. He might have been in the S. O. S. crew and got back on good looks. As to Less, I understand that he was in the 1st Div. and a fellow belonging to that Division could not get back unless he was almost lifeless.

### A E F Made Up Of Two Types

The A E F is and was made up of two types; one bunch were the pink faced, busy checked boys who wore tailor-made uniforms and russet shoes slept in good beds and eating what we need. They were the ones that can tell you the important things of the war; they are the ones who have the souvenirs; they are the ones who had the pleasure of scouting about over France and other places. The other type are the ones that won the war on the front, hiking through mud, nothing to eat all besmeared with mud from head to foot, facing the fire of the devilish Hun, scratching for cooties between shots, and they are the ones that are on the Rhine; they are the ones that will stay over till the others are home. Now don't think I'm knocking anyone for having good places or as good as could be had, no, no buck private that crossed the Atlantic has the will of mine, I only offer my congratulations to those who for some reason didn't go up.

Give my best wishes to all and tell the Vets I'm coming home. Tell a few others I send no wishes as they couldn't be of the best. Your devoted son, H. G. Vessels, Co. F. 7th Inf. A P O 740.

### CARD OF THANKS

We feel that our words are too feeble to express our gratitude to our friends and neighbors for their love, sympathy and help during the last illness of our beloved wife and mother. Your kindness and sympathy have caused us much weeping for joy. We feel that our loved one is not dead but just gone into another room in our Father's House.

C. H. Claycomb and Children.

INVEST your money in Cloverport real estate--reap some of the millions the government is going to spend in this section in the next six years --better than any oil stock or any get rich quick schemes--a safe and sound investment that will bring you big, monthly dividends.

While general commodities have advanced 177 per cent, labor and material only 43 per cent. It stands to reason that the forests are fast being depleted never again will building material be back to the old time prices. The man who builds now will build wisely.

## FARM AND STOCK

Mr. H. J. Barger has recently removed from a farm near Union Star, Ky., to the farm of Chas F. Robbins at Magnet, this county. Mr. Barger is a son-in-law of Frank Underhill of this city.—Cannelton Telephone.

A little girl in Orange County, Va., borrowed money from her father to buy nine settings of eggs, so she might belong to a poultry club organized by the United States Department of Agriculture and the State Agriculture College. One setting would have entitled her to a membership, but she is no believer in half-way measures. On this venture her first year's work netted a profit of \$98, and she has three roosters left.

Mr. Mike Kitzner a farmer of Holt, was in Cloverport, Friday on business. Mr. Kitzner paid The Breckenridge News office a visit and renewed his subscription. In so doing he also complemented the News in saying that he was well pleased with it.

Mr. and Mrs Ernest A. Smith of Stephensport, shopped in Cloverport, Thursday. Mr. and Mrs. Smith sold their farm near Stephensport and moved into town buying the property of the late Mrs. Belle Bennett. They also bought two lots adjoining, so Mr. Smith will not cease in helping to feed the nation as he will continue to farm but on a smaller scale. Mrs. Smith is a sister of Lieut. John Barbee, who is in France and writes that he has received several copies of the "dear old News" which he greatly enjoyed.

Mrs. Jno. M. Gregory of Cloverport, sold 11 hens for \$20.00. Like every woman, Mrs. Gregory was duly proud of her sale, and her success will be an inspiration to other women who are enthusiastically engaged in the poultry business.

Hinton Bros. of Cloverport have made a wonderful record during January and February in the sale of butter and buttermilk. During these two months they sold 248 gallons of butter milk and 155 pounds of butter produced from 3 two year old cows; one a Jersey and the other two are shorthorns. They received 20 cents a gallon for the buttermilk and 50c a pound for butter. While the brothers claim the ownership of the cows, their sister, Miss Dessie Hinton is the "power behind the throne," and

does the most important part of the dairy work.

H. I. Bland of McQuady sold his farm to Willie McQuady, Will Bland and Richard Mattingly. It consisted of 400 acres and brought him \$13,000.

The "Kentucky Round Up" Sales and Shows.

The "Kentucky Round Up" Sales and Shows held at the Bourbon stock yards, Louisville, February 25-29 is entitled to a place in history as one of the biggest if not the biggest livestock event that has ever been pulled off in the States South of the Ohio river says the Farmers Home Journal. One interesting feature of this sale and show is that Breckenridge county breeders were among the prize winners and sellers.

In the Poland China sale W. R. Moorman & Son were the buyers of Lady Prince, a sow, consigned by American Poland China Record Association for \$160. They also carried off first and second prizes in the Shorthorn Show, in class 3 for cows or heifers over two years old on Victoria's Lassie and Choice Baroness. They were second and third of two good heifer calves, Autum Rose and Jennie Lind 18th.

The Champion Bull, the five months old calf Walnut Hill Victor 2nd, was bought by C. A. Medley, Rock Haven for \$310.

The highest priced bull of the sale was Master Donald 3rd consigned by Senator Camden and purchased by Hon. W. A. Stith of Guston for \$323.

As a result of advertising in the Breckenridge News, W. J. Owen & Sons, of Valley Home Stock Farm, Hardinsburg Route 1 have had some very successful sales. They sold seed oats to various parties. One milch cow to Emmett Cannon, Axtel, one cow to T. H. Henning, Hardinsburg Route 1, one cow and calf to S. C. Haycraft & Son, Glen Dean; 20 stock shoates to Lon Rhodes, Kirk; one boar to a party at Meggett, S. C.; two bred gilts to W. W. Johnson, Danville Ky., and the 11 months bull to John

Flood, Hardinsburg, Ky. Route 2.

C. G. Hendrick, has sold his farm of 113 acres near Hardinsburg, to J. F. Mattingly for \$5,000. Possession given April 1, 1919.

The tractor school given by B. F. Beard & Co., at Hardinsburg last week was well attended by interested farmers who were looking for up-to-date farm equipment and applying the best methods for crop production.

Ben and Burn DeJernette of McQuady placed an order for 10-20 Titan tractor. 1 plow 3 bottom and an 8 foot Double Disc Harrow. This equipment will do the work of 4 or 5 men. We are glad to see the DeJernette Brothers taking hold of up-to-date equipments. They can make no better investment and none that will pay them better.

Plain rings are extremely fashionable at this season of the year when the soil is very loose. A good plain ring will fixed in every pig's nose will save many dollars' worth of fertility from going down the creek.

Cooties over there worried our soldiers and made many of them sick. Uncle Sam fought the pests continually. Tree cooties, the San Jose Scale, worry fruit trees and make them too sick to produce good fruit. Spraying will kill these pests. If you do not know how to spray trees or to mix sprays get a Spray Calendar from the College of Agriculture at Lexington. A post card will bring it.

Our philosopher says: Hawkins says our new county agent can't tell him anything about farmin' as he's already wore out three farms.

40--MULES--40  
-FOR SALE-

The best collection of mules I have had in my pens this season are now in my barn. I am making a special effort to interest Breckinridge County farmers in this lot.

Two special reasons for this: First I know I have the kind that will give service. Second I know I have the kind that will sell after the crop season is over.

Why buy age and blemish mules which can only be sold to consumers. Buy Quality and Substance, the properties combined that will attract both are dealers and consumers. Where by giving you competition in values and guaranteeing you a market every day in the year.

These mules must be sold at once. Your inspection invited. I have been favored with an immense business this season for which I am profoundly grateful.

Every mule sold under a guarantee and must be as represented.

Respectfully,

VIC ROBERTSON

THIS DRUGGIST  
WAS HONEST

Some time ago I went into the drug store of Gerke Drug Co., Evansville, Ind., and the following conversation took place between Mr. Gerke and myself: "Theodore, how does it come that you sell so much more 'Number 40 For The Blood' than these other druggists around here?" Mr. Gerke answered: "A year or so ago my wife came into the store and she was going to take a blood medicine. She looked over the kinds I had on the shelf and I reckon you put up the best 'spiel' and she took a bottle of 'Number 40.' After taking it a while she gave it to our boy and one day I was complaining of 'that tired feeling' and she said, 'Here I will dose you on 'Number 40' and she did and it did me so much good I have been recommending it to my customers since and buy in gross lots."—J. C. Mendenhall, 40 years a druggist, Evansville, Ind.

The ingredients entering into "Number 40" are set down in the U. S. Dispensary and other medical books as follows: "Employed in diseases of the glandular system, in blood poison, scrofula, chronic rheumatism, catarrh, chronic constipation, stomach and liver trouble. Under its use sores, ulcers, nodes, tumors and swellings that have withstood all other treatment disappear as if by magic." "Number 40" is sold at Wedding's Drug Store, Cloverport, Ky.

IT'S NOT YOUR HEART  
IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ill-afflicted people today can be traced back to kidney trouble. The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood. Kidney disease is usually indicated by weakness, dizziness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gravel, rheumatism, eczema, and lumbago. All these derangements are nature's signals to warn you that the kidneys are in need of help. You should use GOLD MEDAL Hearlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Hearlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Hearlem Oil. After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks. Ask for the original imported GOLD MEDAL brand. Three sizes, Money refunded if they do not help you.

## Your Nose Knows

All smoking tobaccos use some flavoring. The Encyclopaedia Britannica says about the manufacture of smoking tobacco, "... on the Continent and in America certain 'sauces' are employed ... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves."

Tuxedo uses chocolate—the purest, most, wholesome and delicious of all flavorings! Everybody likes chocolate—we all know that chocolate added to anything as a flavoring always makes that thing still more enjoyable. That is why a dash of chocolate, added to the most carefully selected and properly aged burley tobacco, makes Tuxedo more enjoyable—

"Your Nose Knows"

Try This Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—

## An 8 Day Celebration Beginning March 14th and Lasting Until March 22nd

FIFTY-THREE years ago, Benjamin Franklin Beard, Green Beard and Nathaniel Hensley started the little store on the site where B. F. Beard & Co. is now located. The firm was Beard & Hensley in those days and no doubt there are many in the county who can well remember when the little store was opened and who knew well the pioneers of this business.

We to-day have ever tried to follow the business ideals of the founders, always striving to give "Quality First" and trying to be a real service in our community.
